MAX-POPULAR. PIONIER SNOW BOOTS INSULATED 908 EVA

https://www.polstar.com.pl/en/produkt/sniegowce-pionier-ocpieplane-908-eva

FASTENING TYPE: laced, which allows for a perfect fit to the foot and makes the shoes easy to put on and take off,
MATERIAL: made from premium EVA material that combines lightness with durability. The polyester upper provides extra durability and resistance to outdoor conditions,
PROTECTION CATEGORY: Metal-Free
SOLE: The moulded sole provides excellent grip and stability, which is important on slippery surfaces. In addition, the sole is resistant to low temperatures,
ERGONOMICS: The shoes are ergonomic and comfortable, making them comfortable to wear for long hours. They remain flexible even in very cold temperatures, which increases their functionality,
THERMAL INSULATION: the boots offer a high degree of thermal insulation thanks to the air bubbles in the EVA material. This guarantees warmth and comfort even in extremely cold temperatures,
INSULATOR: equipped with an interchangeable insulator made from a three-layer material that combines aluminium foil, non-woven felt and sheepskin, offering effective insulation and additional comfort,

MAX-POPULAR®

Manufacturer: LMG Sp. z o.o. sp.k.
